# The Kebony Deck Board

## The Only 4-in-1 Wood Decking Profile

The Kebony Deck Board is the most versatile wood decking profile on the market. We've engineered a profile that can be fastened in four different ways, making it easy to secure your surface decking according to your needs without added milling or lead time. Whether you want to fasten through the face of the board, plug, use hidden fasteners or the patented Step-Clip™ for Kebony system, the Kebony Deck Board is ready to go.

- 30-year, non-prorated warranty against rot
- 50-75 year expected life span as decking
- No maintenance required
- Evenly fades to silver-gray patina when left unfinished
- End-seal wax not needed or recommended

Profile	Product Number	Product Name	Actual Dimensions	Lengths
	#2637	5/4x6 Kebony Deck Board	7/8" x 5½"	10', 12', 14', 16'
	#2638	5/4x6 Kebony Deck Board One-Sided Profile	7/8" x 5½"	14'

**In Stock in the USA**

# Fastenator™

## Hidden Fasteners

### HIGHLIGHTS

- Automatic deck board spacing
- Works great for diagonal and herringbone deck patterns
- Ideal for resurfacing and/or out of square framing
- Stainless steel screws are pre-loaded in clip for quick and easy fastening

## Pro Plug® System for Kebony

### HIGHLIGHTS

- Hidden fasteners with face fastened strength
- Plugs made from actual Kebony face grain, so they perfectly match the surface
- Patented Pro Plug® Tool pre-drills and counterbores simultaneously for a perfect fit
- Kebony Kits include screws, plugs, glue nozzle and drill bit (Pro Plug® Tool and glue sold separately)

**PRO TIP:** Keep screws at least 1" from the end and edges of the boards.

## Face Fastened

### HIGHLIGHTS

- Ensures a secured board to the joist

### PRO TIPS

- Pre-drill holes prior to fastening
- Use Stainless Steel Screws
- Keep screws at least 1" from the end and edges of the boards.
- Make sure screws are flush with top of the deck board to maintain a smooth and safe surface

# Boardwalk Decking

Kebony Clear is perfect for high traffic areas like boardwalks and docks. With larger available dimensions and enhanced stability, choosing Kebony will ensure your project will withstand heavy use and retain beauty as it patinas to a silver-gray over time. Kebony’s boardwalk product is the go-to for award-winning outdoor spaces across the country, including The Wharf in Washington D.C. and New York City’s Hunter’s Point South.

Profile	Product Number	Product Name	Actual Dimensions	Lengths
	#2522	2x6 Square S4S E2E	1½" x 5½"	10', 12', 14', 16'

## Appearance

All Kebony woods have a deep brown color that will turn to a silver-gray patina over time.

The speed of this graying process depends on the intensity of exposure to environmental elements like the sun and rain combined with the type of application.
