The Look of Shake

the Shake Collection

More choices to build on

Nobody offers more shake than Nichiha

It's hard to compete with the warmth and charm of traditional shake... and when it comes to shake options, nobody can compete with Nichiha. We offer four distinct product lines of fiber cement shake; Sierra Premium, NichiFrontier and

More shake

You've never seen anything like NichiFrontier™

Taking siding to a whole new place

There's no need to settle for an unprimed shake, when you can experience a fully finished NichiFrontier™ shake for less. And that is the only thing less about NichiFrontier...the price. NichiFrontier is a beefy 7/16 of an inch thick with deeply defined grooves and keyways. Our realistic texture creates distinctive shadows and the perfect canvas for our rich, lavish NichiStain™ (also available in factory primed). Made from 50% recycled content, NichiFrontier is a beautiful and sustainable choice for discerning builders and homeowners alike. And because it's backed by the best warranty in the business, NichiFrontier is always the smart choice.

“It'll make any home
feel brand new...
even if it's not.”

Sierra Premium™ ... simply classic

Dripping with character, this classic has the Midas touch

Sierra Premium puts it on thick...the shadows, the performance and the drama. It's no wonder Sierra Premium is the highest rated product of its kind. A house clad in Sierra Premium Shake is a source of pride... and certain to stay that way with less fuss and less maintenance. At a half-inch thick, Sierra Premium's fiber cement construction stands up to whatever Mother Nature has to offer. Rot, pests and warping are a thing of the past... and Nichiha guarantees that better than anyone else in the industry.

NichiShake[™], NichiStaggered[™] and NichiStraight[™]
three more ways to turn a house into your home

NichiShake for unmistakable authenticity

NichiShake is just like individual cedar shake in almost every way... except the way it performs. NichiShake individual shake boards come in a variety of widths to create a visual effect that is indistinguishable from cedar. They deliver all the charm and all the compliments without the concerns of rot, pests and continual upkeep associated with real cedar. And like all Nichiha fiber cement products, NichiShake is made with more than 50% recycled content and is backed by the best warranty in the industry*.

NichiStaggered and NichiStraight for versatility

Consider NichiStaggered and NichiStraight panels. Like all our shake products, they feature the deep contours of cedar grain, but let you choose between classic straight edges or the striking contrasts of staggered edges. The four-foot panels go up fast, but conceal the secret of their convenience. Fiber cement construction ensures product consistency, eliminates waste and provides a lifetime of carefree performance... guaranteed*.
