American Cedar & Millwork is the premier building products supply company for architects, contractors, designers and homeowners in the region.

We showcase 100+ building material brands, constantly updating our collections to align with innovation, technology, and performance standards. Our team, with 200+ years of combined industry experience, includes building science experts, certified designers, and project managers. Specializing in hi-end residential, commercial, historic, and institutional projects, we offer expertise in product best-practices, LEED industry standards, historic requirements, and a commitment to solution-focused support for architects, builders, and homeowners.
